

Fiyinfoluwa Joshua Orija

Front End Web Developer

✉ joshsturnner@gmail.com ☎ [\(234\) 905-103-2697](tel:(234)905-103-2697) Lagos State, NG. [in LinkedIn](#)

Career Objective

A frontend web developer, I'm enthusiastic about leveraging my skills and knowledge to contribute effectively to dynamic projects. Committed to continuous learning and embracing emerging technologies, I strive to deliver innovative and user-centric solutions that meet the needs of diverse clients. Eager to tackle more complex problems and continue to find ways to maximize user efficiency.

Work Experience

Freelance Web Developer – Frontend Developer

2022 - Current

📍 Remote

- Utilized HTML, CSS, and JavaScript to create 30+ responsive landing pages for both company and client projects, **resulting in a 40% increase in user engagement and conversion rates.**
- Participated in the initial wave of developers learning and implementing the React.js library, contributing to a 50% reduction in development time for subsequent projects and ensuring the adoption of cutting-edge technology.
- Collaborated remotely with clients to understand project requirements, provide progress updates, **and deliver high-quality results, resulting in a 30% increase in client satisfaction ratings based on project delivery timelines and communication effectiveness..**

Top-Tech Enterprises – Graphic Designer

2018 - 2020

📍 Lagos, NG

- Established graphic design standards for motion graphics, enhancing brand consistency across 6 teams. **This initiative led to a 30% improvement in brand recognition and consistency metrics, as assessed through customer feedback and internal evaluations..**

- Utilized HTML and CSS to design and develop a visually captivating mockup showcasing custom graphics for a product launch. The mockup facilitated the presentation of the product's features and aesthetics to over 10 company stakeholders, resulting in a 15% increase in stakeholder engagement and comprehension.
- Revamped company logo and business cards, **resulting in a 40% increase in brand perception and recognition, as measured by customer surveys and market research data**
